## EDUCATION

**University at Albany, State University of New York**

*Bachelor of Science*

*Computer Science & Applied Mathematics (Data Analytics Concentration)*

GPA: 3.97

Graduated May 2022

## PROFESSIONAL EXPERIENCE

**Software Engineer**

February 2024 – Present

*LBi Software*

- Lead technical planning, solution design, and delivery of new features across web and mobile applications for major sports leagues including the NBA, NWSL, and MLB.
- Architect and implement scalable applications using Java, Spring Boot, Angular and Ionic ensuring maintainability and performance.
- Consult with internal stakeholders to gather requirements, prioritize development initiatives, and ensure timely project delivery.
- Develop proof-of-concept (PoC) solutions to demonstrate technical feasibility and business value for upcoming initiatives.

**Associate Software Engineer**

June 2022 – October 2023

*Infosys Limited*

- Architected and deployed a microservices-based cloud infrastructure using Spring Cloud and AWS, focusing on scalability, availability, and security.
- Delivered tailored demos and technical presentations to executive stakeholders and technical teams, adjusting messaging based on audience expertise.
- Consulted on best practices for cloud adoption, service resilience, and containerization strategies using Docker and AWS EC2.
- Collaborated directly with cross-functional teams (QA, DevOps, UI/UX) to ensure successful project execution and client satisfaction.

## RELEVANT SKILLS

- Management: Cross-functional Team Collaboration, Sprint Planning and Execution, Risk Identification and Mitigation, Client Relationship Management, Agile Project Management
- Design / Development: Solution Prototyping, System Architecture Design, Full Stack Development, API Development and Integration, Proof-of-Concept Development, Software Development Life Cycle
- Soft Skills: Communication, Team Collaboration, Problem-Solving, Adaptability, Strategic Thinking, Customer-Focused Mindset
- Programming Languages: Java, Python, TypeScript / JavaScript, HTML/CSS, SQL
- Libraries / Frameworks: Spring Boot, Angular, Ionic, Nest JS, Hibernate, MyBatis, Tensorflow, PyTorch, Flask
- Tools & Technologies: AWS, Docker, Git, Linux, Microsoft SQL Server, PostgreSQL, MongoDB, Maven, Gradle

## CERTIFICATIONS & AWARDS

**AWS Cloud Practitioner Certification**

Received August 2023

*Amazon Web Services (AWS)*

**Machine Learning Specialization Certification**

Received September 2023

*Stanford University & DeepLearning.AI, Coursera*

**Eagle Scout**

Received March 2017

*Boy Scouts of America – Troop 482 – Floral Park, NY*
